Decorative Light Stone,
24 cm, Size M, RGBW**

3in1 Wireless Charger, 15 W

for wireless charging of up to 3 devices simultaneously

3in1

Max. 15 W

PD

QC

Wireless 3-in-1 charging station for smartphones, smartwatches and earbuds, compatible e.g. with Apple iPhone, iWatch and AirPods, Samsung Galaxy, Galaxy Watch and Galaxy Buds

Thanks to its broad compatibility, the inductive charging station can still be used even if you switch manufacturers, e.g. when switching from a Samsung smartphone to an iPhone

Qi-compatible for a charging power of up to 15 W for the smartphone, 2.5 W for the smartwatch and 5 W for headphones

Compatible with Quick Charge and Power Delivery fast charging technologies

Clean look: Reduces the number of charging cables and chargers needed and its ultra-compact folding function makes it the perfect companion on the go and when travelling

Thanks to protection electronics, the inductive charger switches off before overcharging or when detecting a risk from foreign objects (FOD)

The fast charger is powered via the integrated USB-C™ port (USB-C™ to USB-C™ charging cable included, 1 m)

Packaging: Retail Box

Availability	Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight

LED Solar Decorative Light Globe, 35 cm, Size XL, RGBW

outdoor solar light with RGB colours and 10 light modes, 25 lm white light, IP54 for outdoor areas

Solar

Size XL

35 cm

IP54

The LED solar light creates atmospheric light accents in the garden, on the patio or balcony and is ideal for garden parties, birthdays, weddings, party decorations or Christmas decorations

Numerous lighting options: Includes continuous light and twilight mode as well as 8 RGB colours plus colour change function and cool white (6000 K) via the push button on the underside of the solar lamp

Single colours or colour change: At the touch of a button, the solar-powered ball lamp lights up permanently in the selected colour or changes between the RGB colours every 2 minutes (seamless transition)

Always ready for use: The solar module and battery are discreetly installed inside the ambient orb – no external, separate charging module required

Long-lasting: With Li-ion battery 18650 (3.7 V/1800 mAh), up to 8 hours of light with optimal charging via the solar panel of the outdoor decor light – completely wireless and independent

Secure hold thanks to ground spike: The included ground spike can be screwed onto the bottom of the mood light and sunk into the lawn (length without screw thread: 10 cm)

Dimensions (LxWxH): 24 x 20 x 12 cm, material: polyethylene (PE) for high robustness and a matt white surface finish of the solar outdoor light

Packaging: Retail Box
